

# Petition the Universe

Thank you for downloading the Petition the Universe worksheet from <http://sagegrayson.com>. This is your chance to ask the universe to intervene to give you exactly what you want in your life, plus indicate dozens of individuals who would support this plan.

## Instructions

- Write a letter to the universe asking it to intervene to give you exactly what you want in your life. Maybe you want a new job. Maybe you want financial freedom. Maybe you want to recover from an illness. You can request anything at all! Nothing is too large for the universe to handle.
- Sign your name to the letter.
- List everyone you can think of who would support this plan. Consider your friends and family, historical figures, celebrities, literary characters, your pets, and more. Be creative!
- Hang the petition some place where you'll see it often and relax in the knowledge that the universe is reviewing your petition and will help you.
